

Model : ATZ HDMI-314-50CM

Description : 3-to-1 HDMI 4K Switch w/pigtail (50cm)

The 3x1 HDMI Intelligent Switch provides plug-and-forget auto sensing capabilities that automatically switch between 3x HDMI input sources when a signal is detected. A button to manually switch between the 3 sources is also available. This 4K ULTRA HD HDMI Switch can transmit video in 4K Resolution and 3D as well. Experience brilliant 4K resolution, deep color, as well as 3D compatibility

Model : ATZ HDMI-314-50CM

Description : 3-to-1 HDMI 4K Switch w/pigtail (50cm)

Features:

- Supports 12-bit Deep color per channel; maximum of 36-bits across all channels
- Support 4K x 2k@30Hz, 1080P, 3D, HDMI 1.4v; HDCP 1.4 protocol compliant
- Supports HDCP pass-through
- Supports a total TMDS throughput of 8.91Gbps max
- Supports uncompressed audio such as LPCM.
- Supports compressed audio such as DTS Digital, Dolby Digital, DTS-HS and Dolby TrueHD
- Supports Auto switching with High-Speed Pigtail Cable, to expand your HDMI Capacity. Connect up to 3 HDMI compatible devices for seamless transitions without external power required.
- No external Power required. Support HDMI Plug & Play.

* NOTE:

Plug-and-forget auto sensing only works correctly for devices that do not output continuous voltage over the HDMI port when turned off. Powering on a device gives it output priority over the other two devices. Output priority is given to the next device on the switch if the current output device is turned off. Make sure the connected devices supply enough power to the switch.
May NOT be compatible with devices requiring HDCP 2.2 (such as the Amazon Fire Box).
