

**Model** : HDMI-DP-ADPTR-20cm

**Description:** HDMI TO DISPLAYPORT ADAPTER (ACTIVE) w/SHORT CABLE (20cm)

## Product Description

The HDMI to DisplayPort Adapter Converter is the perfect solution for connecting devices with an HDMI output to a display with a DisplayPort input. The HDMI to DisplayPort Converter provides functionality that is not supported by other adapters that are designed to connect the DisplayPort output of a device and to a display which accepts an HDMI input.

This Converter extends the life of a device, such as a Blu-ray player, which does not support a DisplayPort output by allowing it to be connected to a new display which accepts a DisplayPort input. The HDMI to DisplayPort Converter supports an output resolution of 1920x1080 and supports HDCP.

**Remarks:** This adapter support 1080P, and UHD 4K

## Specifications:

32AWG OD4.8 nickel-plated head, support ATI graphics six frequency output, support 1920x1080, 3840x2160 (4K)
