【USB-C to 4K HDMI Cable】

Direction connection from smartphone/PC/Notebook supports video resolution up to 3840x2160@60Hz (4K), backward compatible with 3840x1440, 2560x1440 (2K) , 2560x1080, 1920x1080 (1080P) , 720P @ 60Hz and more.. Use the universal Type-C to HDMI Cable with your USB-C device to view sporting events, movies, video games, and photos/albums directly on your HDMI-equipped monitor/display/TV. USB Type C to HDMI. The compatibility of thunderbolt 3 also synchronously transmits audio and video signal, and supports mirror mode or extend mode.

【Compatible & Reliable HDMI Cable】

Plug-&Play, like a standard 4K HDMI cable - no software or drivers required. Connect one or two HDMI monitors/displays at up to 4K@60Hz resolution. Compatible with HDMI-equipped TVs/Monitors/Projectors for both video and audio transfer. Gold-plated connector and three layers of shielding, provides improved corrosion and maximum durability, and can enhance signal transmission. Driver free, compatible with Windows 10/8/8.1/7 / Vista / XP and Mac OS X, Linux and Chrome OS.

【Sturdy & Long-Lasting Design】

Braided nylon cable for extra durability and user-friendly non-slip grips for easier plugging & unplugging, resistant to wear, and can prevent cable from clutter and tearing. Premium aluminum alloy casing for better heat dissipation.

【Thunderbolt 3 Compatible】

Compatible with MacBook Pro 16"/15"/13" (2020/2019/2018/2017/2016), MacBook (2017/2016/2015), iPad Pro (2020/2018), Mac Mini (2018), iMac (2017), MacBook Air (Late 2018 and newer); Surface Book 2; Galaxy Book, Galaxy S20/S10/S9; Dell XPS 15/13; Chromebook, Chromebook Pixel, Pixel Slate, Pixelbook Go, and others.
