

Model : ATZ NET-CRT04
Description: Crimping tool for Cat.5e/6/7

This multi-function crimp tool integrates all the functions of wire clamp, cut, press and strip, providing a reliable & robust crimp installation for voice and data applications for standard/shielded RJ45 connector plugs - Cat 3/4/5/5e/6/7 (8x8) (8P8C), RJ12 6-position (6x6) (6P6C), RJ11 4-position (6x4) (6P4C) and RJ11 2-position (6x2) (6P2C).

Convenient recoil spring loading returns tool to ready position upon cycle completion which helps save time and effort. Compact in size fits in any pocket, tool pouch. Lightly press the handle and then press the lock button to lock, convenient and quick. The handle grips helps to reduce hand fatigue and prevent slipping during stripping and crimping.
