

**Model** : ATZ NET-RJC-C6A  
**Description:** Cat.6A Inline coupler

## Features:

- Shielded metal housing to safe the signals against electrical and magnetic interferences.
- CAT6A 10G Performance.
- Meets & Exceeds Industry Standards.
- Wiring Assignment EIA/TIA 568A/568B
- Easily joins CAT6A Shielded/Unshielded cords together with this coupler.
- Backwardly compatible with Cat 5E or Cat 6 cables.
- Designed For Computer Networking Applications.
- Meticulously engineered to deliver exceptional performance.
- Press-fit PCB technology ensures a high quality connection and reliable performance.
- Small form-factor for high-density installations.
- Gold plated contacts.
- Straight full 8-pin contacts 1:1 connected

**Model** : ATZ NET-RJC-C6A  
**Description:** Cat.6A Inline coupler

## Specifications:

- Housing and Insert material: LCP UL94V-0
- Contact material: Phosphor Bronze T=0.35mm
- Shield: 0.20 – 0.25mm Thickness Brass with Tin plating
- Operating life: 750 cycles min.
- Plating: Gold plating over Nickel 50μ”
- Storage temp: -10°C to 85°C
- Operation temp: -10°C to 85°C
- Wave solder temp: 265°C 5 sec max
- UL Cert: file number E484635
