

Model : ATZ STPCAT7.xxM.XX-ROUND (xx=Length/ XX=Color)

Description: CAT.7 S/FTP LSZH NETWORK PATCHCORD - ROUND Stranded 26AWG
7/0.16 BC 600MHz OD: 6.0mm (0.5m_to_100m) – BLACK/BLUE/GREY

Cat 7 network patch cable is the ideal solution for indoor data center applications, supporting up to 10GBase-T and 600MHz up to 100m distance. It supports backward compatibility to Cat5E/6/6A. ATZ Cat 7 patchcords uses Pure Bare Copper that ensures high electrical conductivity and low signal transmission attenuation. The jacket material is LSZH which means '*Low Smoke Zero Halogen*'. When the cable ignites or when the cable comes in contact with high temperatures, such as fire, a cable with LSZH will produce less smoke and there is no release of hazardous gas, due to the presence of thermoplastic.
