

Model: ATZ NET-TOOLKIT4

Description: 4 pieces Network Tool Kit (RJ45 Cable Tester, Crimper, Punch-down Tool, Wire Stripper) with bag

This 4 in 1 network tool kit come with cables tester, crimping tool, stripping tool and LSA punch-down/insert tool.

The network tester with LED display, you can quickly check the assignment and detect faulty connections. The crimping tool for modular 8P8C plugs has built-in cable cutter, stripping function and blade guard. The four blade stripper is suitable for round and flat cables from 3.2 - 9.5 mm diameter. The insertion tool allows for clean laying and automatic cutting of the lines.

Ideal for use in RJ11 + RJ12 + RJ45 cable installation setup.

Areas of application:

- Home Networking: Ideal for troubleshooting and fixing home network issues
- Office Networking: Perfect for ensuring optimal performance and efficiency in office connectivity
- DIY Projects: A must-have for DIY enthusiasts who need a versatile set of network troubleshooting tools
- Professional Use: Suitable for professionals in need of a comprehensive network repair kit
- Retail Selling: A valuable addition to any store's tool section, appealing to customers looking for reliable and easy-to-use networking tool

Model: ATZ NET-TOOLKIT4

Description: 4 pieces Network Tool Kit (RJ45 Cable Tester, Crimper, Punch-down Tool, Wire Stripper) with bag

Features:

- Lan Multi-network Modular Cable Tester
 - Line tester for continuity test of Cat 5/6/6A/7/8 and ISDN network lines
 - Separate receiver for long length cable, the main unit and separate receiver can be attached to each other via a lateral guide rail
 - Connection test with LED display for 8 single wires and shielding / detection of continuity, misalignment, interruption, short circuit, crossover cable
 - Power supply via 9VDC block battery (**not included**)
 - Compatible with the following connectivity modular plugs: RJ45 (8P8C), RJ12 (6P6C), RJ11 (6P4C, 6P2C)
 - Supported network standards: 10Base-T, 10Base-T2, 285A, TIA568A / 568B
- RJ45 Modular Plug Crimping Tool
 - Crimping tool designed for terminating modular 8P8C plugs on Ethernet-style cables; suitable for common patch lead and field termination work
- Universal Cable Stripper
 - With 4 different blades for cutting the PVC jacket of cables of various sizes from 2 - 10 mm diameter
- Punch-Down Tool
 - For inserting wire into insulation-displacement connectors on e.g. punch down blocks, patch panels, keystone modules, surface mount boxes
- Portable Carrying Case
 - All tools are securely packaged in a compact textile case for easy transport and organization, making it suitable for on-site service and installations
